

A place for your business and special events in Warsaw

For the upcoming months, we have prepared a very attractive offer for training courses, small conferences and other events at Varsovia Apartamenty Kasprzaka.

The conference room and First Floor Restaurant at Varsovia Apartments provide a friendly, spacious and modern space designed with the utmost care and attention to functionality.

What's more, a chillout zone awaits guests indoors with comfortable sofas and armchairs with a panoramic view of the city.

The conference room is located near the spacious restaurant which makes it ideal for corporate meetings, conferences, events, training sessions, author meetings and presentations or any other special events.

Varsovia Apartamenty Kasprzaka offers 300 fully equipped, air-conditioned apartments, which are offered to guests visiting Warsaw both on business and as tourists.

There are 4 types of luxury suites in the building, designed for people who appreciate innovation, comfort and functional space planning.

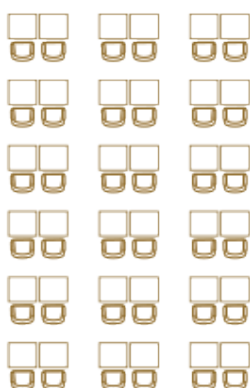

**Below you can find our latest conference packages
and possible room set-ups**
